

## Wooden doors

# External door 68

🇬🇧 Our exterior doors IV 68 are produced from engineered fingerjointed wood and have very solid, stable construction. They constitute a showcase of a house they protect.

Each door is manufactured to individual order. Customers can choose their own model out of about 40 factory patterns or provide their own design. As with all manufactured goods, we offer a wide range of transparent and opaque colours.

Our exterior doors by stand for great design, strong construction and very good parameters. Our doors are a long-term investment.
